Re: Tree Trimming in 2002

Dear Stan,

In response to your letter of January 25, 2002, we have reviewed most of the area Unitil plans to trim this year, and have found several areas that we would like to participate in.

The attached list details most of these areas. Some are routes where we plan to run new cable in the next few years, and others are areas that have not had any maintenance trimming in a long time. The list indicates that we would accept a 4' X 4' window, but obviously if permission can be obtained to flat cut any of these areas, that would be better. We'll participate in all we can get. Bruce is in the process of reviewing the Penacook area, and I will forward you a list of specific areas of concern there later.

Have the bills sent to me, and I will see that they get processed.

Re: Tree Trimming in 2002

Dear Stan,

After reviewing the March 7 letter that I sent to you, my supervisor has decided that budget constraints at this time, prevent us from participating in any maintenance trimming.

Although we realize that we would benefit greatly at many locations, we will trim on our own at a later date when we absolutely have to. Therefore, please do not have your trimming crews do any trimming for us.

Thank you for keeping us informed of your trimming plans. I hope that we will be able to participate in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Wesley W. Jones".

Re: Maintenance Tree Trimming

Dear Scott:

In your June 17 letter to Peter Geerdes you asked that we take a second look at your list of scheduled maintenance tree trimming locations, for a re-consideration of participating in the cost of this trimming.

Here in Concord, we have reviewed most of the areas where you are planning to trim. After taking a second look at our lists, we have limited the amount of trimming required in a few areas, but still feel that is necessary to participate in most areas outlined in my March 7 letter to Stanley Balch.

Attached is a revised list of the areas in which we would like to participate. We are still reviewing the Penacook area and may add some areas of participation at a later date.

If you have any questions concerning trimming in the concord area, please direct them to me at 226-1427.

Sincerely,

A handwritten signature in black ink, appearing to read "W. W. Jones", written over a horizontal line.
